

In Her Room

The Tiger Lillies

People with cigarettes,
Singers with violets
Some who have no regrets
In her room
Men with no hair
Girls in their underwear
Boys who are debonair
In her room, In her room
In her room, In her room
In her room, In her room
Where are the fun times?
Where are the rum times?
Where is the sunshine
In her room
Looking for dog-ends
Picking up her friend
Looking for the end
In her room, In her room
In her room, In her room
In her room, In her room
In her room, In her room
Found her beat black and blue
With the words 'I love you'
Tattooed in rouge
In her room, In her room
In her room, In her room
In her room, In her room
In her room, In her room
