

Just Because

The Tiger Lillies

Just because you're sometimes stupid
Just because you're sometimes mad
Just because you play the idiot
Just because you're sometimes mad

Just because you knew you ought to
When you never ever would
Doesn't mean you'll never be good

And just because you've got a black heart
Doesn't mean you're always bad
Just because you feel decrepit
Like an old rag

Just because you knew you ought to
When you never ever would
Doesn't mean you'll never be good

And just because you're feeling angry and misunderstood
Just because your acting's awful
it's made of wood

Just because you knew you ought to
When you never ever would
Doesn't mean you'll never be good

It doesn't mean you'll never, doesn't mean you'll never
Doesn't mean you'll never be good
It doesn't mean you'll never, doesn't mean you'll never
Doesn't mean you'll never be good
