

Kill You

The Tiger Lillies

You're a twat a turd a pig kill you
Cut you're throat you're grave I'll dig kill you
You'll be dead and I will live kill you
You're a bastard I won't forgive kill you

We all need someone to hate
With this blade you'll meet your fate kill you

You're not human you're just a thing kill you
On which my hatred I will fling kill you
I'll take my sword and cut you're throat kill you
And on your corpse I will gloat kill you

So now I feel my blood lust rise
Get ready now meet your demise

When the deed the deed is done kill you
I'll be happy I'll have fun kill you
Then I can enjoy you're fate
And someone new I can hate kill you

We all need someone to hate
With this blood meet your fate
So now I feel my blood lust rise
Get ready now meet you're demise
Kill you kill you...
