

## Lily Marlene

The Tiger Lillies

This one's a dodo  
This one's a flop  
This one's a moron  
And I'm fit to drop  
Cross-fire chatter  
Caught in the slums  
She's off to her Chelsea Hotel

Her friend was.out...  
Another one died  
She felt depressed  
She almost cried  
And then she remembered  
She'd left her hat  
Back in the Chelsea Hotel

No more Lily Marlene  
Boys in the back-room falling in love again  
She was an angel  
Caught in crossfire  
Out of Germany  
Before it expired

History is written  
The blue angel's gone  
And this could be her saddest song  
And history is written  
The blue angel's gone  
This could be her saddest song  
Song
