

On the portside Luis Miller
Luis Miller's losing blood
On the portside with his wallet
looking for a little love
On the portside Lisa Jennings
been raped and robbed again
On the portside Lisa's pimp
was getting drunk again
On the portside Billy Boysson's
face is a bloody pulp
That'll teach him in Jackies
on her rum to gulp
On the portside drag queen Lilly
sings shanties with no names
While three boys fuck a captain
three boys on the game
On the portside seagulls
on last nights vomit feed
While another murder victim
in the gutter to death bleeds
