

Lust

The Tiger Lillies

You wanna fuck the world
The heat between your legs
It burns so hot it will explode
It's like a powder keg

Lust
Lust

You wanna open wide
Every object of desire
And only when your lust's fulfilled
Will you put out the fire

Lust
Lust

Then when you've had your fill
New objects of desire
Will keep the grasping monkey
Greedy and on fire

Lust
Lust

And when your lust is satisfied
It's emptiness you've got
It just fills up your soul
And like a cancer rots

Lust
Lust

And so you suck and gobble
And greedily consume
Satan licks his lips
Because you'll be his soon

Lust
Lust

That cock is never big enough
Or that pair of tits
If only they were bigger still
Then that would be it

Lust
Lust
Lust ...
