

# Lust

The Tiger Lillies

You wanna fuck the world  
The heat between your legs  
It burns so hot it will explode  
It's like a powder keg

Lust  
Lust

You wanna open wide  
Every object of desire  
And only when your lust's fulfilled  
Will you put out the fire

Lust  
Lust

Then when you've had your fill  
New objects of desire  
Will keep the grasping monkey  
Greedy and on fire

Lust  
Lust

And when your lust is satisfied  
It's emptiness you've got  
It just fills up your soul  
And like a cancer rots

Lust  
Lust

And so you suck and gobble  
And greedily consume  
Satan licks his lips  
Because you'll be his soon

Lust  
Lust

That cock is never big enough  
Or that pair of tits  
If only they were bigger still  
Then that would be it

Lust  
Lust  
Lust ...
