

Meat

The Tiger Lillies

You are just meat to be consumed thought it would last now you
are doomed
They'll eat you up throw you away you'd better get ready that's
their way
You are just meat no value at all in the depths you will trawl
You devalue everything you cheapen the world when you sing
You are just meat in a gold lame dress your sweetness and smile
s fail to impress
You challenge nothing no convention defile just sell the produc
t and smile
You are just meat to be consumed
