

Nothin'

The Tiger Lillies

What does it mean
Nothing
What does it mean
Nothing
You play to kings
You play to queens
What does it mean
Nothing

And when you bow
They do cheer
Oh you're the best
They've had in years
For your future
The gold is paved
I see your future
I see your grave

And so today
You play to kings
Next year
In the street you'll sing
And so this year
You're all the rage
Look around
Act your age

What does it mean
Nothing
What does it mean
Nothing
What does it mean
Nothing
What does it mean
Nothing

With all the cheers
And the applause
You're worth as much
As a street whore

What does it mean
Nothing
What does it mean
Nothing
What does it mean
Nothing
What does it mean
Nothing

It means nothing
