

Nothing is Sin

The Tiger Lillies

A billion diamonds glisten in the sea
Each of those diamonds is dirt cheap
Each one is free
You know money cheapens each and everything
I want to turn out all the lights and to you sing
Nothing is sin
I just a dreamer who they've dragged to earth
Just an angel they've covered in dirt
It doesn't matter if I laugh or if I cry
Scream obscenities or sing lullabies
Nothing is sin
It doesn't matter or mean a thing
You'll rape my soul even in your dreams
God he haunts each moment still
I'm innocent if him you could kill
