

Open Your Legs

The Tiger Lillies

You were seventeen, pretty in the head
Sent in some photographs, this is what they said
Open your legs
Open your legs

You wanna be a model, and this could be a start
They're only jealous when they call you a tart
Open your legs
Open your legs

There's a demand, you're the supply
Dry your tears, that's why
Open your legs
Open your legs
Open your legs
Open your legs
Open your legs
Just open your legs
