

## Open Your Legs

The Tiger Lillies

You were seventeen, pretty in the head  
Sent in some photographs, this is what they said  
Open your legs  
Open your legs

You wanna be a model, and this could be a start  
They're only jealous when they call you a tart  
Open your legs  
Open your legs

There's a demand, you're the supply  
Dry your tears, that's why  
Open your legs  
Open your legs  
Open your legs  
Open your legs  
Open your legs  
Just open your legs
