

Repulsion

The Tiger Lillies

Vomit stains mixed with blood
Someone somewhere is in love
Repulsion, repulsion

Epileptic's foaming mouth
Mental sickness burns you out
Repulsion, repulsion

Brand new shiny disease
Which eats you up, a corpse to leave
Repulsion, repulsion

Crinkled peach, mildew and mold
No love for the very old
Just repulsion, repulsion

Maggots wading with the flames
Two engulf your name
Repulsion, repulsion
Repulsion, repulsion
Repulsion
