

Shoot Your Load

The Tiger Lillies

On the dockside, of the portside, that's where they go.
To shoot their load, shoot their load.

She's got big tits, for all the gits,
and she hates them so, as they shoot their load, shoot their load.

As you whisper you're a slut, she will hate your guts.
As you shoot your load, shoot your load.

And on a bad night forty rubbers, she does throw,

Of your shot load, your shot load, load.
Just shoot your load.
Just shoot your load, just shoot your load, shoot your load.
Just shoot your load.
