

The news

The Tiger Lillies

Have you heard the news
going round the town
the freakshow's shutting down
All of you freaks put on the shelves
in despair and anguish you will delve
Have you heard the news
the selfish gits
would rather lock you up than face it
Political correctness they do claim,
they'd rather have you locked up
you should be ashamed
Have you heard the news
you're a disgrace flaunting
your deformities in their face
So you freaks no longer
to be shown, now locked up in hospitals
and mental homes
Have you heard the news
around this place they say
that the freakshow's a disgrace
All of the freaks no longer on display
now in an institution to be locked away
Have you heard the news
you're all locked up,
no longer normal people will be shocked
All those freaks lock them up,
so our normal citizens you don't corrupt
Have you heard the news
perverters of young minds now each one of you
has had your time
They will not tolerate
the corruption that you bring normality
they reinstate out of this town freaks fling
Have you heard the news
going round the town
all of you freaks are to be put down!
