

## Three pairs of arms

The Tiger Lillies

You got three pairs of arms  
now your body is embalmed  
So you died, no one's cried,  
freakshow trunk blessed by monks  
They are paid how depraved  
how they smiled you defiled  
You got three pairs of arms  
now your body is embalmed  
Smell the paint you they taint half  
you shock half they mock  
They're so cruel to you freakshow  
fool just a freak well the future is bleak  
You got three pairs of arms  
now your body is embalmed  
You on the outside you're looking  
in is it all evil is it all sin?  
They don't care as they stare  
as they curse you and swear  
You got three pairs of arms...
