

## Trancred and Clorinda

The Tiger Lillies

They had a little fight  
They slashed each others flesh with swords  
Until they lost their lives  
They fought their holy battle  
Then went to God above  
Well God he said you've fucked up bad  
I am a god of love  
Trancred and Clorinda  
They had a little fight  
They slashed each others flesh with swords  
Until they lost their lives  
So noble warrior types  
You'd better beware  
You think you're going to paradise  
God won't have you there  
Trancred and Clorinda  
They had a little fight  
They slashed each others flesh with swords  
Until they lost their lives  
Thou shalt not kill God once said  
He meant it through and through  
Warmongers and soldier pawns  
Looks like you're all screwed  
God is gonna get ya  
God is gonna get ya ...  
God is gonna get each one of you
