

Vagina

The Tiger Lillies

Vagina in the sky
Once in love I lied
We were young and the same height
Our love was paradise

Vagina in the sky
Don't ask don't ask me why
I fell for a giraffe
Now everybody laughs

Vagina vagina vagina in the sky
Vagina vagina vagina in the sky

Vagina in the sky
Now every night I cry
She's grown to such a height
Her love is out of sight

Vagina in the sky
Don't ask me why
But she's grown out of reach
Her love I beseech

My vagina my vagina my vagina in the sky
My vagina my vagina my vagina in the sky ...
