

Why are you Laughing?

The Tiger Lillies

Why are you laughing? We're all going to die tomorrow in agony
we will all lie

Why are you laughing why so amused? Tomorrow senility will you
confuse

Why are you laughing why so self assured? Tomorrow death and di
sease you'll endure

Why are you laughing to that happy music? Only fools and idiots
are optimistic

This isn't a film with a happy end only death and disease wait
for us at the end

So why are you laughing?
