

Communication

The Ting Tings

What you gonna do with a mobile phone?
Give it up, wait, give it all back when you know, you know
I don't even care where you've been
You don't need to say anything
Don't you know that I got communication
All the while, I've got communication
You could be on the other side of the wall
You could be in the middle of nowhere
But I control the sings of the wands
And I just turned the light and it's golden
Don't you know that I got communication
All the while, I've got communication
I'm not with it and you're not with it
But I know that you know
I'm not with you and you're not with me
But I know that you know
Na nana, nanananana, Na na, nanananana
I communication
Communication
Communication, all the while, I've got communication
(I'm not with it and you're not with it)
Na na, nanananana
(I'm not with you and you're not with me)
Communication
