

Green Poison

The Ting Tings

Green Poison makes me fly
Green Poison makes me high
(Mash that, mash this with all)
(Now mash, mash this with all)
Green Poison makes me fly
Green Poison makes me high
(Mash that, mash this with all)
(Now mash, mash this with all)
Can't stop thinkin' back everyday
It makes me want it, ?
First you want it, then you need it
Now you want it, cause ya need it
Pass this on, now pass
Pass this shit on
Green Poison makes me fly
Green Poison makes me high
(Mash that, mash this with all)
(Now mash, mash this with all)
