

Silence

The Ting Tings

Hold, hold your tongue now
And let them all listen to your silence
Hold, hold your tongue now
And let them all listen to your silence
Hold, hold your tongue now
And let them all listen to your silence
Hold, hold your tongue now
And let them all listen to your silence
Hold, hold your tongue now
And let them all listen to your silence
No need to listen to yourself
Maybe this one will pass you by
Or to anybody else
No need to listen to yourself
Or to anybody else
No need to listen to yourself
Or to anybody else
Hold, hold your tongue now
And let them all listen to your silence
