

Wrong Club

The Ting Tings

You can't live a thing
You wanna set with a woman
You wanna stand with me
If you don't seem to fear him
You wanna take some cover
You wanna leave with me
Did I ever tell you about the way I wanna feel
Giving it up, I'm fire away
Did I ever tell you about the good times that he get
Don't know if you got another day
Oh
Hey
I'm in the wrong club
Listening to this shit
Oh
Hey
I'm in the wrong life, someone get me out of this
Oh
When everybody call me
And they say I'm foxy
I get everything
I never stand up in the corner
You can tell me you don't wanna talk
And I tell you how it's always been
Did I ever tell you about the way I wanna feel
Giving it up, I'm fire away
Did I ever tell you about the good times that he get
Don't know if you got another day
Oh
Hey
I'm in the wrong club
Listening to this shit
Oh
Hey
I'm in the wrong life, someone get me out of this
Oh
Life moving when the beat is on
Everyone is gonna let me know
If get me out, someone I've been want
Come with me, we can over throw it
What's the matter with the crazy fool
Keep it in and let me know when you do
DJ know how to save my life
Oh

Listening to this shit
DJ know how to save my life
I'm in the wrong life, someone get me out of this
Oh

Listening to this shit
I'm in the wrong life, someone get me out of this
