

No Money

The Tiny

no money left for me
i spent it all on things

no money left for you
i spent it all on things
must be i've lost what sense i had
when i bought all those things

now no money left for me
i've spent it on things
that i don't need

it wasn't me

i got this letter yesterday
it said i hadn't paid
my rent, my phone
my car, my loan i didn't know i had

but no money left for them
i spent it on things i don't need
and still there's no money
left for me
i must have lost what sense i had

it wasn't me
it wasn't me

no money
no money
no money
