### The Tony Danza Tapdance Extravaganza

You ever had a person in your life Like a so called friend That  
every chance they had To do something malicious Behind your ba  
ck they did Yeah well this goes out to them You know who you ar  
e

I said what I meant so do what I say (2x) I got bullets you go  
lies So we keep this going all day I said what I meant so do wh  
at I say

This is not a test of friendship This is a warning to your dece  
nt Into my every fascination Of killing you

I cant hold this back From putting it against your neck

I said what I meant so do what I say (2x)

This is the darkest place You will ever know Now open your eyes  
Open your eyes Open your eyes

I said what I meant so do what I say (3x) I got bullets you go  
lies So we keep this going all day I said what I meant so do wh  
at I say (5x)
