

## The Lost & Damned

### The Tony Danza Tapdance Extravaganza

The dynasty rides this icon forever  
It bring freedom and disgrace  
Easy rider through your town all night and day  
And the street code has the operation sewn tight  
Carry this flag as your banner  
This is a war against all of the system tonight  
Now, I'm lost forever with my brothers for life  
The dynasty rides this icon forever  
If you can't be trusted, don't show your face  
Closed casket funeral for who any disgrace  
And the street code says,  
There is no loyalty amongst thieves  
These rides are set for who believe  
This could be your last time  
Don't ever cross this line  
Carry this flag as your banner  
Don't call it criminal  
Call it outlaw
