

This Is Forever

The Tony Danza Tapdance Extravaganza

This is forever
This is brand new
This is forever
This is brand new

The sky broke away as new day
Spread the pieces of forever
This is where they lay

Some don't get up from this
And those are the ones
That will,
Never come back (2x)
And you will never come back (2x)

The nightmare has come to life
From turmoil to madness
This is real
Open your eyes as we all say
This is real
Open your eyes as we all say
This is real (2x)
Never come back

This is forever
This is brand new
This is forever
This is so brand new
Never come back (2x)

The nightmare has come to life
From turmoil to madness
This is real
Open your eyes as we all say
This is real
Open your eyes as we all say
This is real (2x)

Our dreams collide
As the ground opens beneath us (2x)

And so with every beginning
There is always an ending
