

I'm A Werewolf Baby

The Tragically Hip

The moon goes up, I start to sweat
Call the doctor, call the vet
Well, my brain goes numb and my blood gets hot
All I need is what you got

Well, I'm a werewolf, baby, and here I come
I'm a werewolf, baby, what you say?
I'm a werewolf, baby, and here I come
I'm a werewolf, baby

I lose control, I just can't stop
You look so good, like a big pork chop
Ripped my pants, ripped my shirt
I'm going to eat your mother for desert

Well, I'm a werewolf, baby, and here I come
I'm a werewolf, baby, not you too
I'm a werewolf, baby, and here I come
I'm a werewolf, baby

Well, I can smell your blood, I can hear you breathe
I'm going to eat your heart right off your sleeve
Eat you cooked, eat you raw
I'm going to rip you up like a big chainsaw

I'm a werewolf, baby, and here I come
I'm a werewolf, baby, what you say
I'm a werewolf, baby, and here I come
I'm a werewolf, baby
