

A-bone

The Trashmen

I've got a little A-bone like you never have seen
A way-out wailin' type of boss machine
Top eliminator at all the big name drags
Well she's stroked and bored and shaved so neat
and sittin' right next to my bucket seat

It's a bang-shift hydro with a big shillalie ah HAHAHAAAAHA...

Cobra, Cobra where have you been, I've been lookin' all over an
d back
again
My little A-bone's just achin' to shut you down
She's a'runnin' smooth, she's a'runnin' true
She's got a big surprise for you

It's a bang-shift hydro with a big shillalie, ah HAHAHAAAAHA

Cobra, Stingray what'cha gonna' do when my little A-
bone comes lookin'
for you
Cobra, Stingray ain't cha gonna' weep when you see my taillight
s down
the street

Cobra, Stingray what'cha gonna' do when my little A-
bone comes lookin'
for you
Cobra, Stingray ain't cha gonna' weep when you see my taillight
s down
the street

Well my little A-
bone went over the hill, left that Cobra standin' still

Buddy, buddy, buddy better shut your Cobra down
Well your clutch is burnin', your tires are hot
You don't know what my A-bone's got

It's a bang-shift hydro with a big shillalie, ah HAHAHAAAAHA

You don't know what my A-bones got
You don't know what my A-bones got
You don't know what my A-bones got
