

## I want love

## The Treatment

I want love  
I want love  
I want love  
I want love

Don't go anywhere I've been  
I said you, you know exactly what I mean

I like a girl who can get it on  
I feel you coming on strong

I want love  
I want love

Oh, oh no, can't you see I'm clean?  
You know I'm nothing like you've seen

I like a girl with a dirty mind  
So we can get there on time

I want love  
I want love  
I want love  
I want love

So if you tell me you're in love  
I'll say that's good for you  
'Cause you can tell me a story or two  
And if you're good I'll be as bad as you

I said don't, don't go anywhere I've been  
I said you, you know exactly what I mean

I like a girl with a dirty mind  
So we can get there on time

I want love  
I want love  
I want love  
I want love

I want love!
