

Just tell me why

The Treatment

Hey, now you got it all wrong
Don't say I didn't tell you, baby
Now, your face is so long
Your freedom has hurt you for so long
I helped you to breathe
I'm cutting your air now, baby
I won't lie, don't make a sound
Grab a seat, come and gather round

Do you even know me?
'Cos I know you
I ain't got nothing to lose, so...
Just tell me why
'Cos I don't understand
If this wasn't love
Was it just for the band?
Just tell me why
'Cos I don't understand
And the world keeps moving on

I said, well, now looking at you
I don't feel no sympathy
If I stay now, I look like a fool
It don't make no difference, you know?

I see it coming
Don't waste my time
I only want what is mine, so...

Just tell me why
'Cos I don't understand
If this wasn't love
Was it just for the band?
Just tell me why
'Cos I don't understand
And the world keeps moving on

I wanna, I need to hear this fall from grace
Somebody, now can you please help me erase?
Can't find me, no help to fill this empty space
Can I ever let you go?

Do you even know me?
'Cos I know you
I ain't got nothing to lose, so...

So just tell me why
'Cos I don't understand
If this wasn't love
Was it just for the band?
Just tell me why
'Cos I don't understand
And the world keeps moving on...
