

## By the Way

The Tremeloes

You mean to say  
After all the years of lovin'  
After all the tears are far away  
You could throw away  
All the dreams we build together  
Can't believe you mean the things you say  
I remember you with a loving way  
In your eyes, in your face  
And I think about a man with a lot to say  
In my mind, in my place  
By the way, by the way  
What can I do to make you stay?  
By the way, by the way  
What can I do to make you stay?  
Now I find myself  
Begging for the very first time  
On my knees I crawl to you today  
I remember you with a loving way  
In your eyes, in your face  
And I think about a man with a lot to say  
In my mind, in my place  
By the way, by the way  
What can I do to make you stay?  
By the way, by the way  
What can I do to make you stay?  
(Repeat and fade)
