

# My Little Lady

The Tremeloes

I think about my baby  
A perfect little lady  
I think about her shiny golden hair  
I've never been a dreamer  
But every time I see her  
I start to float away into the air  
Oh, oh, oh  
My little lady  
You can make the sun and moon begin to shine  
And if you could have your way every day would be fine  
It's no wonder for as long as I may live  
I will give you all the love I am able to give  
I wake up in the morning  
Without a single warning  
Before I finish yawning she is there  
I think about my baby  
A perfect little lady  
I think about her shiny golden hair  
Oh, oh, oh  
My little lady  
You can make the sun and moon begin to shine  
And if you could have your way every day would be fine  
It's no wonder for as long as I may live  
I will give you all the love I am able to give  
You can make the sun and moon begin to shine  
And if you could have your way every day would be fine  
It's no wonder for as long as I may live  
I will give you all the love I am able to give
