

Too Late (To Be Saved)

The Tremeloes

Too late too late to be saved
Too late too late to be saved
Too late too late to be saved

Too many people living in the same old way
Could'nt pull the handle
I think of all the people in the world today
They couldn't hold a candle
They know it all but when I hear what they say
I know they failed to find a way.

Too late...

If only time could tell me what I had to do
I wouldn't have to hurry
I wouldn't mind the hell if I could see it thro'
I wouldn't have to worry.
They couldn't see were gonne leave they all behind
It's all right if they would change.

Too late...
