

Dreaming Man

The Trews

I can fly
I can fall
In my heart
I have it all
You know me

I need some time
To sort my head
Find a light roads ahead

A Dreaming Man is what I've been since I don't remember
when

Walls come down
I come in
Fortune fades
Faith begins

A Dreaming Man is what I've been since I don't remember
when
A Dreaming Man is what I've been since I don't remember
when

You should know I don't know
Why I never said so

Here she comes
Down again
Armed with woe
To share with him
I can hear
Walls are thin
Fortune fades
Faith begins

Here she comes
Down again
Armed with woe
To share with him
I can hear
Walls are thin
Fortune fades
Faith begins

A Dreaming Man is what I've been since I don't remember
when
A Dreaming Man is what I've been since I don't remember
when
Though I don't understand a dreaming man is all I am
