

Not Ready To Go

The Trews

It's never ending as far as I know
But there's a doubt you feel between us both
You're grounded daily, I'm on a cloud
I float up every night as you come down

I'm not ready to go

Are you unhappy or are you low?
I should be leaving but I'm not ready to go

I'm not ready to go

Even if you think I'm crazy, drunk and stoned
I don't wanna be messed up alone

There's nothing wrong here
There's nothing wrong here
There's nothing wrong here
There's nothing wrong

I'm not ready to go
