## **Tired Of Waiting**

I am wired and fading Looking blind and blaming Following and trailing words You might be saying

I am tired of waiting I'm tired of waiting I am tired

Altered expectations Long anticipation Everything is changing I'm the same and aging

I'm tired of waiting

I am tired of waiting I'm tired of waiting I am tired

I am tired of waiting I'm tired of waiting I am tired

I am tired of the long way down

So I stand To let you down here alone I can't seem to dream of you No more

I am tired of waiting I'm tired of waiting I am tired

I am tired of waiting I'm tired of waiting I am tired

I am tired of waiting I'm tired of waiting I am tired ... **The Trews**
