

Come Now

The Troggs

Hold me, you've got to hold me.
Touch me, come on and touch me.
Kiss me, you've got to kiss me, because you're mine.

Come now, you'd better come now.
Take me, come on and make me.
Love me, you've got to love me, because you're mine.
Come now, come now. Come now, come now.

Feel it, you've got to feel it.
Stronger, it's getting stronger.
Longer, it's lasting longer, because you're mine.
Come now, come now, come on, come on, come on
