

Good Vibrations

The Troggs

I, I like the clothes she almost wears
And the way the sunlight plays upon her hair
You know, you know I gotta ?? think of her ??

You see
I'm pickin' up good vibrations (good good good good
vibrations)
She's givin' me excitations
I'm pickin' up good vibrations (good good good good
vibrations)
She's givin' me excitations
I'm pickin' up good vibrations (good good good good
vibrations)
She's givin' me excitations - oh

I close my eyes and she's somehow closer
She softly smiles and I know it, it must be right
And together, together we'll make it through the night

I'm givin' those good vibrations (good good good good
vibrations)
She's givin' me excitations
I'm pickin' up good vibrations (good good good good
vibrations)
She's gettin' me excitations
I'm pickin' up good vibrations (good good good good
vibrations)
She's givin' me excitations - oh

Got to keep those good vibrations happening with her
Got to keep those good vibrations happening with her
I've got to keep those good vi- vibrations happening
with her, oh
Aah

I'm pickin' up good vibrations (good good good good
vibrations)
She's givin' me excitations
I'm pickin' up good vibrations (good good good good
vibrations)
She's givin' me excitations
I'm pickin' up good vibrations (good good good good
vibrations)
She's givin' me excitations - oh
