

## Around The World

The Tubes

Guide me into the night  
Give me all your delights  
Slide me inside your soul  
I need to know  
I'm half empty  
I'm so naive-it scares me

Take me right past the edge  
I would hold no regrets  
Show me the secret life  
The cruel disguise  
Hold back nothing-it's been too long

But I've got to find a way  
'Cause I'm running out of stay

So many dreams to tell  
You know so well  
I'll go with you  
Who have you saved-the much less depraved

But I've got to find a way  
'Cause I'm running out of stay
