

Think I'll Run Away

The Turtles

No wonder why I feel so bored
Each day's like the one before
I think I'll run away
And climb higher than I've climbed before
Life should show me so much more
I think I'll run away
And you can come (and we'll be calm)
We'll run away (together run)
Things will be so (much better, run)
Live as we die
High, high on some green hill
We'll be laughing at reality
Glad we ran away
Climb higher than we've climbed before
Life should show us so much more
I think I'll run away
I think I'll run away
I think I'll run away, ooh
