

## Must Have Her Back

The Twins

The raindrops rattle on the window pane  
As if the rain will never end  
This loneliness is driving you insane  
You said your will would never bend

You said your will was ever constant  
That men of principle keep cool  
No thought of phoning for an instant  
But now you're asking who's the fool

Just admit - you must have her back  
It is true - admit - you're out on your luck  
Without her - to love - you're lost in this world  
Without her - admit - you must have her back

And so you still refuse to ring her  
You tell yourself that she's a flirt  
If she's a flirt you're a beginner  
Who are you really trying to hurt

I see you standing all alone now  
It must be hurting underneath  
You say you want to stay at home now  
I think you're lying through your teeth

Just admit - you must have her back  
It is true - admit - you're out on your luck  
Without her - to love - you're lost in this world  
Without her - admit - you must have her back

Face the facts - you knew - you must have her back  
It is true - admit - you're out on your luck  
Without her - to love - you're lost in this world  
Without her - admit - you must have her back
