

## Playing With Fire

The Twins

I'm going where I please - And coming to my senses  
I don't fall to my knees - At the fences.

Taking - Life in - Laughing  
And playing with Fire  
Lost in - Loving - Laughing  
And playing with Fire.

I'm taking every chance - And giving up at nothing  
And altering my stance - Without warning.

We're living for a lifetime  
And playing with Fire  
We're living on the line  
And playing with Fire.

I'm living for today - And dying to be with her  
I never beg or pray - Except to differ.

Taking - Life in - Laughing  
And playing with Fire  
Lost in - Loving - Laughing  
And playing with Fire.

We're living for a lifetime  
And playing with Fire  
We're living on the line  
And playing with Fire.
