

## Natural High

## The Union Underground

Times I'm uncertain I can't unwind  
The shit we learned became a lie  
Can't live forever angry and blind  
The lengths we go to satisfy

It's a natural high

I'm not your savior no fuckin' lie  
I'd kill myself to stay alive  
Forget the future regret the past  
No present tense is gonna last

Swimming in a sea of a jealous tide  
Won't wash your hate away  
Selling your soul for a piece of mind  
Can't buy yourself today

Ain't it funny how the power the money  
The consistency of the truth  
Bleed today but laugh tomorrow  
In the burden of our youth
