

# Dear Friend

The Union

(Verse: Bruce)

Dear friend the day you left me  
I don't why  
And your life was way too precious  
You touched the sky  
Dear friend I know you'll hear me  
If I close my eyes  
And when I will dream about you  
I will always be alive (be alive)  
And if I feel you near me  
I will realize (realize)  
You'll answer all the questions  
From the other side

Lay hands on...  
Lay hands on...  
Lay hands on me  
Lay hands on...  
Lay hands on...  
Lay hands on me

We saw the world together  
Traveled many miles  
And you left the stage with laughter  
I'll always be alive (be alive)  
And if I hear your thunder  
I will realize (realize)  
The voices make me wonder  
How we lived our lives

Lay hands on...  
Lay hands on...  
Lay hands on me  
Lay hands on...  
Lay hands on...  
Lay hands on me

If you want... (Lay hands on...)  
If you need... (Lay hands on...)  
You can lay (Lay hands on me) your hands on me  
If you want... (Lay hands on...)  
If you need... (Lay hands on...)  
You can keep (Lay hands on me) your faith in me

In the story of your life  
So much bigger than the fight

Lay hands on...  
Lay hands on...  
Lay hands on me  
Lay hands on...  
Lay hands on...  
Lay hands on me

Lay hands on...  
Lay hands on...  
Lay hands on me

Lay hands on...  
Lay hands on...  
Lay hands on me

If you want... (Lay hands on...)  
If you need... (Lay hands on...)  
You can lay (Lay hands on me) your hands on me  
If you want... (Lay hands on...)  
If you need... (Lay hands on...)  
You can keep (Lay hands on me) your faith in me  
If you want... (Lay hands on...)  
If you need... (Lay hands on...)  
You can lay (Lay hands on me) your hands on me  
If you want... (Lay hands on...)  
If you need... (Lay hands on...)  
Lay hands on me...
