

Force-Fed

The Unseen

Brainwash the masses with corrupt authority.
You're led like puppets on a string yah it's so nauseating.
We live in a corrupted world.
It's gonna fail. We're gonna die.
Read the papers watch the news.
Don't bother don't view

The propaganda, what you're fed is fake.
I don't know how much more I can take.

Of the propaganda, what you're fed is fake.
I don't know how much more I can take.

We all make mistakes, some live their life so great.
Others are dealt a bad hand and live their life irate.
Is it to late? Have we all sealed our fate.
We must sit back we must sit back and view

What they feed you. Is all lies.
All you can do is wonder why. Why why

You're in a hole nowhere to go.
You see the top can't reach your goal.
You got to reach up to the sky.
Try to escape before you die.
