Greener with the Scenery

You took it back How could you go and do something like that My fingernail phase Worst has got the best of you I ask you and I know I need to change Change You took it back You ripped my heart out of my then you put it back I'm pulling my hair I let you just a million times I love you even though it isn't fair Run we go around again in circles Play this game over again Run we go around again in circles You took it back You ripped my heart out of my then you put it back I'm pulling my hair I let you just a million times I love you even though it isn't fair Run we go around again in circles Play this game over again. Run we go around again in circles You took it back You took it back Run we go around again in circles Play this game over again. Run we go around again in circles Circles Run we go around again in circles Play this game over again. Run we go around again in circles Circles
