

Kenna Song

The Used

Can a song shine a light on what we think?
Can a song move the people to their feet?
Can a song leave us brave enough to fight?
Can a song give us strength to do what's right?
We have the right to let our voices be heard
Hear us now, hear us screaming out
Feel it breaking down, bet you can hear us now
No more secrets, no more fear
Can you hear us now?
Bet you can hear us now
Sing a song. Change a world that doesn't care
Sing a song. Stop the only ones who dare
Sing a song. Feed the ones who need it more
Sing a song. Bring the soldiers back from war
We have the right to let our voices be heard
Hear us now, hear us screaming out
Feel it breaking down, bet you can hear us now
No more secrets, no more fear
Can you hear us now?
Bet you can hear us now
We stand together, set in stone, hearts open wide
And leave them no place left to hid
It's not a bridge, it's their ideas we must burn
You had your chance now it's our turn
Hear us now, hear us screaming out
Feel it breaking down, bet you can hear us now
No more secrets, no more fear
Can you hear us now?
Bet you can hear us now
Hear us now, hear us screaming out
Feel it breaking down, bet you can hear us now
No more secrets, no more fear
Can you hear us now?
Bet you can hear us now
