

# Kissing You Goodbye

The Used

Cut yourself in conversation  
Cut a line to make me feel alive  
'Cause you know I'm not alive  
Leave me with your complications  
Take your life, you feel like taking mine  
Meeting God we stand in line, not alone  
Chorus  
No where to go  
I'm not leaving  
Not going, I'm not kissing you goodbye  
On my own  
I'm nothing, just bleeding  
I'm not kissing you goodbye  
Trust you'll take the right to leave me  
Waiting under dark clouds for the rain  
Praying lightning strikes a change  
As history gets lost  
And as I took that final breath I felt alive  
Meeting God to stand in line, all alone  
Chorus  
No where to go  
I'm not leaving  
Not going, I'm not kissing you goodbye  
On my own  
I'm nothing, just bleeding  
I'm not kissing you goodbye  
Don't let me go  
Don't say goodbye  
'Cause you know I'm not alive  
Don't let me go  
Don't say goodbye  
Don't let this love die  
Don't let me go, don't say goodbye (cut yourself in conversation, cut the line to make me feel alive)  
'Cause you know I'm not alive  
Don't let me go, don't say goodbye (and leave me with your complications take your life, you feel like taking mine)  
Don't let this love die  
Chorus  
No where to go (not going)  
I'm not leaving (not leaving)  
Not going, I'm not kissing you goodbye (not going)  
On my own (not going)  
I'm nothing, just bleeding (not bleeding, not going)  
I'm not kissing you goodbye (3x)
