Before I could ever let you go Gonna beg until I drive you mad Say something you could understand I'm a statue baby, knock me out

Oh how these moments fade away, you say you never loved me We say things we didn't mean to say I take it back, I take it all back now I take it back, I take it all back

Paralyzed by the same old antics Back and forth like some walking spastic How could a fistfight be romantic? Thinking back now will you ever feel the same?

You mean more to me than you'll ever know You're my girl and I think it's a shame That we get along this way I'm just a statue try to knock me out

I take it back, I take it all back
